Ice Covered Arkansas Braces for Cold Wave

By THE ASSOCIATED PRESS

Storm-battered Arkansas braced today for some of the coldest weather of the winter, while hundreds of repairmen worked to restore power and telephone service disrupted in a savage ice storm.

The Weather Bureau predicted temperatures would fall to around zero in portions of the snow-blanketed north tonight.

Other sections of the state could expect lows of 10 to 20 degrees. A few snow flurries were in the outlook for extreme north Arkansas this afternoon.

The sun came out today, but travel on ice-slick highways continued hazardous. State Police said all roads were open.

More snow fell early today in sections of northwest Arkansas. Skies were clear in other areas.

Seven hundred repairmen worked to restore electric service in a wide belt of south Arkansas which took the brunt of yesterday's ice storm. Damage to timber alone was estimated in the millions of dollars.

Telephone service was still disrupted in many towns of the ice storm belt.

An Arkansas Power & Light Co. spokesman said 25 extra repair crews—200 men—were dispatched to help the 500 regular crewmen in storm-battered south Arkansas.

The worst hit lines were in the El Dorado-Magnolia sector of southwest Arkansas and the Monticello-Hamburg areas of the south-east.

Thousands of AP&L customers still were without electric service today, the utility spokesman said. Some rural areas were not expected to have service again until tomorrow.

Two major high-voltage transmission lines, running from Little Rock to Pine Bluff and from Pine Bluff to Camden, were put back into operation after being out for several hours yesterday.

The AP&L had no immediate estimate of monetary losses.

Among the economic casualties of the south Arkansas ice storm were stands of timber. A state forestry official estimated that millions of dollars worth of damage was caused to young commercial pine trees. The official estimated the ice storm destroyed 20 per cent of the pines less than 10 inches in diameter in Union County.

Similar timber damage was reported in Columbia and Ashley counties.

The ice storm disrupted telephone communications in a number of towns in south and east Arkansas.

A Southwestern Bell Telephone Co. spokesman at Little Rock said 20 towns were isolated today, including Star City, Dumas, Warren and Monticello.

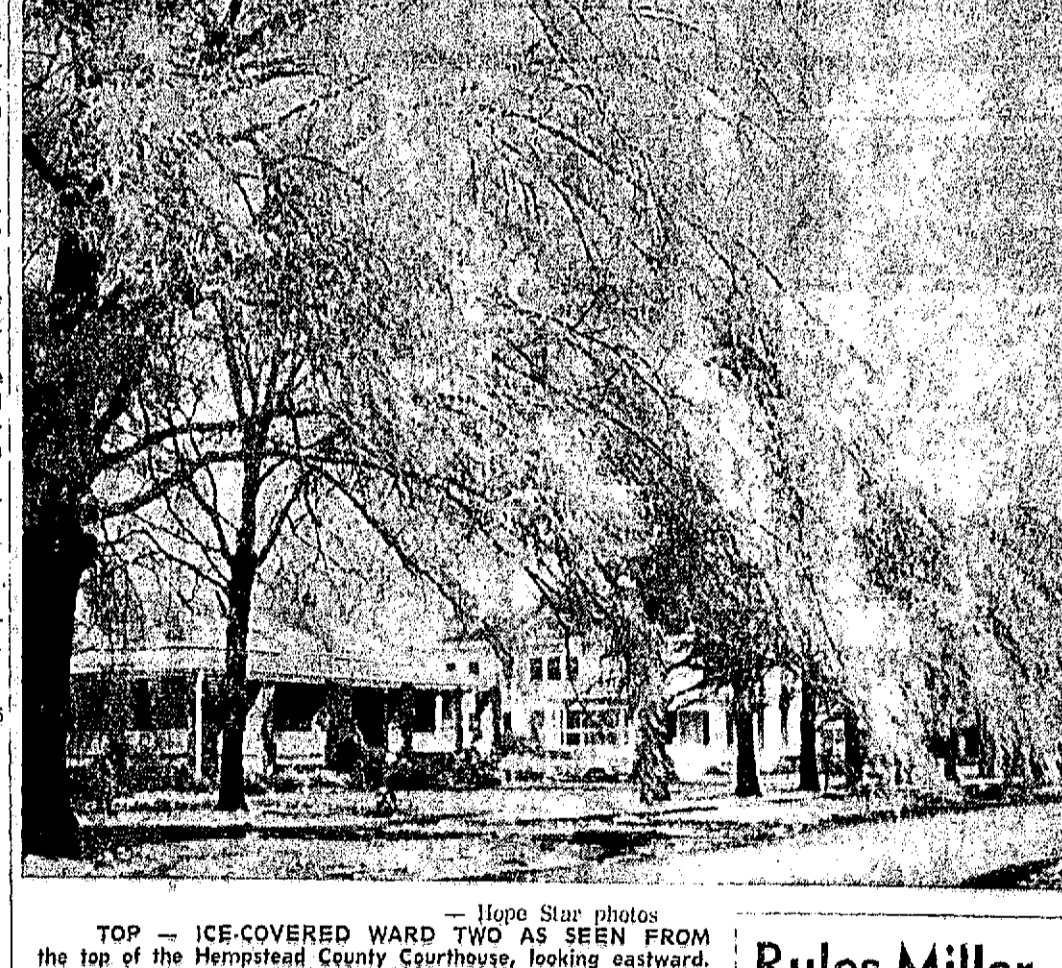

Telephone troubles were reported in an area which included Forrest City, Stuttgart and Wynne but the spokesman said this section was not isolated from service.

Altogether, some 400 long distance lines were out of order and 200 utility poles were down in the storm.

The Bell spokesman said 325

Latin Tour a Success, Ike Heads Home

MARVIN L. ARROWSMITH

BUENOS AIRES (AP)—President Eisenhower flew north today toward home today after a triumphant four-nation South American tour marked by huge, enthusiastic crowds and a smattering of tiny anti-U.S. demonstrations.

The President flew to Buenos Aires in his trusty Columbine III after a 21-hour stay in Montevideo, capital of neighboring Uruguay. He held a brief last meeting at the Buenos Aires airport with Argentine President Arturo Frondizi, then took off in his Boeing 707 jet for an all-day flight to Puerto Rico and three days of rest before going on to Washington.

U.S. Air Force officials said the flight plan at the time of departure called for a refueling stop in Paramaribo, Surinam, after a flight of nearly six hours. That schedule would put the President in Puerto Rico late this afternoon (4:30 p. m. EST).

Eisenhower was smiling and in obvious good humor as he said goodbye to President Frondizi. They had a final 15-minute talk aboard the sleek jet just before it took off.

Just before leaving Uruguay, Eisenhower and President Benito Nardone issued a joint "Declaration of Montevideo" repudiating all types of antidemocratic actions. They pledged their adherence to the principle of nonintervention in the affairs of other American countries and agreed to use their efforts to increase economic, cultural and political cooperation.

When the two presidents gave each other a hearty abrazo—the South American bearing embrace—and Eisenhower boarded his plane, waving and grinning.

The cheers of millions along the way through Brazil, Argentina, Chile and Uruguay kept Eisenhower smiling and in high spirits from the minute he reached South America on his historic goodwill mission 10 days ago.

Shrugging off the only hostile display that amounted to anything, in Montevideo Wednesday, he told Uruguayan President Benito Nardone that the jeers of leftist students did not bother him a bit.

The acrid fumes of tear gas fired by police at one group of demonstrators brought tears to Eisenhower's eyes, and spray from disciplinary fire hoses blew across the path of his open car, but he was not ruffled.

The President coughed slightly for a moment. He sat down in his bubbletop car, wiped his eyes and within a minute jumped to his feet, again waving greetings to the enthusiastic crowds—estimated at 400,000—who drowned out the two small groups of hecklers.

The President's doctor, Maj. Gen. Howard C. McSnider, examined Eisenhower's eyes after the tear gas episode and reported no injury.

After his speech to the Uruguayan Congress, Eisenhower's car took an unannounced detour to avoid the areas where trouble had erupted.

Senate's Civil Rights Fight Moves Toward More Crucial Stage

Negroes Plan Protest at Ala. School

By THE ASSOCIATED PRESS

More than 1,000 Negro students planned to stay away from classes at Alabama State College in Montgomery today in mass protest against expelling nine students for taking part in recent anti-segregation demonstrations.

The plan sent tensions rising in Montgomery, birthplace of the Confederacy, and scene of sit-downs and violence on the streets.

A boycott of variety stores loomed in Tampa, Fla., and a Negro minister at Nashville, Tenn., was contemplating an order either to leave Vanderbilt University Divinity School or be dropped from its rolls.

The expulsions and a number of arrests indicated authorities are taking a firm stand in the face of the massive sit-in lunch counter demonstrations spreading across the South as part of a Negro drive for equal rights at eating facilities.

Rev. Ralph D. Abernathy, president of the pro-integration Montgomery Improvement Assn., told the students Wednesday night the expulsion order was "One of the greatest blunders in the history of education in Alabama."

But Gov. John Patterson said the expulsion order was necessary "to prevent bloodshed in this city."

"If we ever bow to the threat of a mob," the governor said, "we are on our way out and they'll get more arrogant every day."

The state board of education ordered the nine students expelled effective Friday, last day of the current quarter. Twenty additional students were placed on probation.

Hi-way Dept. Official Quits in Protest

LITTLE ROCK (AP)—The Arkansas Highway Department has effected a reorganization officials say will result in a more efficient operation.

The Highway Commission yesterday approved creation of a new General Services Division which will take jurisdiction over personnel, procurement, data processing, duplication of papers, buildings, grounds and records and supplies services.

Rail M. Smith, the department's administrative assistant, was named acting head of the new department.

The work Smith will supervise has been scattered among various departments.

Fred T. Leehrick, director of accounting, resigned after the reorganization was announced. Leehrick said he felt more planning was needed before the reorganization was put into effect.

The General Services Division will take over some accounting department functions.

79 More Convicts Are Released

LITTLE ROCK (AP)—Arkansas' prison population was 1,900 as of Feb. 29.

Prison Supt. Leo Henslee released the figure yesterday at a meeting of the Pardons and Paroles Board. He said there were 79 more convicts than in February, 1959.

The Pardons Board yesterday paroled 50 men and women, including Roy Lee Young, who drew a life term in 1955 for first degree murder in Columbia County.

Gov. Orval E. Faubus recently commuted Youngs sentence to 15 years, making him eligible for parole.

Young was sentenced for shooting Jesse Cooper during a dice game at Magnolia.

Treatment of L.R. Army Men Under Probe

LITTLE ROCK (AP)—Louis S. Warshaw of New York, vice chairman of the American Veterans Committee, today continued a controversial investigation on treatment of veterans and servicemen in the Little Rock area.

Warshaw started his tour yesterday in comparative calm. Announcement two weeks ago that the tour would be made was greeted with indignant statements by Arkansas veterans groups, some members of the state's congressional delegation and Ally. Gen. Bruce Bennett, among others.

Warshaw met privately with a delegation from the Arkansas Department of the American Legion. A legion spokesman described him as cordial but said Warshaw turned down an offer of an escort while he is in Little Rock.

The New Yorker arrived in Little Rock Tuesday night and visited in the home of Mrs. L. C. Bates, state president of the National Assn. for the Advancement of Colored People.

However, he described the visit as "purely social" and said Mrs. Bates did not invite him to Little Rock. He referred to the Negro leader as "an old friend."

A Legion spokesman quoted Warshaw as saying his group was particularly interested in treatment of Negro veterans and servicemen. Warshaw said his group was interested in Negroes but it also protected the rights of all veterans, regardless of race.

Warshaw said the Little Rock inspection is one of many the American Veterans Committee is conducting over the country. The inspections are not confined to the South, he said.

Warshaw's tour will include the Little Rock Air Force Base, the Little Rock Veterans Hospital and other government installations in the area.

In Washington yesterday, Rep. Dale Alford (D-Ark.) said he will ask the House Armed Services Committee to investigate why the Defense Department is permitting the inspection.

He said the inspection trip was "obviously for propaganda purposes."

Johnson Said Pressing for a Compromise

WASHINGTON (AP)—There were signs today the Senate's big civil rights battle is moving toward a more crucial stage.

A reappraisal of the situation was under way among backers of civil rights legislation.

Compromise talk was in the air—not so much compromise with Dixie forces opposing any legislation as among the factions with differing ideas of what form of legislation should be enacted.

Some clarification of ideas as to what is possible to enact appears to be a necessary preliminary to any united effort to crack the Southern filibuster now in its fourth day of a nonstop Senate session.

Democratic Leader Lyndon B. Johnson of Texas was reported to be pressing for a compromise.

The 35 Republican senators were called into a party conference for a checkup on how firmly they want to stick by the administration's proposals. Sen. Everett M. Dirksen of Illinois, the party floor leader, said he would ask everyone to speak his mind, including whether he wants some compromise.

Sen. Joseph S. Clark (D-Pa.) a leader among senators who describe themselves as liberals, told a reporter that "several of us have been talking together in an effort to agree on something stronger and more workable than the administration proposals as to voting rights."

He said the tal was of an alternative, not of a compromise, and that it was too early to disclose any details now.

Sen. Norris Cotton (R-N.H.) sat out in the Senate the position of at this time to pass legislation to support strong new provisions to guarantee Negro voting rights in the South but that he saw no need at this time to pass legislation to

2 Killed, 7 Hurt in Blast in Indiana

EAST CHICAGO, Ind. (AP)—Two persons were killed and seven others injured today when an explosion ripped off the second floor of a laboratory at the Sinclair Refining Co. plant.

The dead were identified as David E. Coyle, age undetermined, Homewood, Ill., and Mrs. Betty Heimbuch, 35, Hammond, Ind.

Seven injured, six of them suffering from burns and one hurt in a fall were taken to St. Catherine's Hospital here. Several other workers were treated and released.

Two of the injured were trapped in a mass of twisted metal and brick for about an hour before being rescued by firemen.

The cause of the blast was not determined immediately.

Damage was estimated unofficially at more than \$100,000.

Debris from the two-story brick and concrete building was hurled as far as 100 feet. The upper walls collapsed, and then the roof caved in.

Lynn Jones, 50, Dies in Texas

Lynn Jones, 50, died Wednesday at his home in Gladewater, Texas. He was a member of the Gladewater Police Force. Survivors include an aunt, Mrs. Jack Johnson of Hope.

Weather Delays Band Festival

RUSSELLVILLE, Ark. (AP)—Icy roads and the threat of more bad weather today have delayed the Arkansas All-State Band and dozers and ranchers renewed their campaign to avert heavy livestock losses.

Festival Director Gene Witherspoon said an attempt would be made to open the festival at 1 tomorrow. It had been scheduled for that hour today.

Witherspoon said more bad weather could cause further postponement.

Student musicians from 60 Arkansas cities are scheduled to participate in the festival.

Former Hope Man Dies at L. R.

W. S. (Bud) Betts, 75, a former Hope resident, died Tuesday at Little Rock. Survivors include a son and several nieces and nephews of Hope. Burial will be held today in Camden.

Colorado Struck by Bitter Cold

KIM, Colo. (AP)—Sub-zero cold bit into storm-weary eastern Colorado again today as Army bulldozers and ranchers renewed their campaign to avert heavy livestock losses.

Three task forces directed by a helicopter and by local guides churned through ocean-like waves of snow to open roads to rural homes and ranches. The most prolonged cold spell in years is feared to be taking a heavy toll of cattle and newborn calves.

Harsh winds that drifted snow and eight feet high hampered the Army vehicles in their first missions Wednesday.

The 24 officers and men arrived here earlier this week from Ft. Carson, Colo., 200 miles away, in response to pleas from Las Animas County officials for help.

Col. Charles L. Hellman, Ft. Carson's acting commander, was due here today by helicopter to determine if further help is needed.

Rules Miller Court Was Not in Error

LITTLE ROCK (AP)—The Miller Circuit Court was not in error when it allowed confessions to be used as evidence at the murder trials of four Negroes, U.S. District Judge J. Smith Henley has ruled.

Henley filed a memorandum opinion in which he explained his action in denying a writ of habeas corpus on behalf of the four Negroes.

The four, James M. Moore, Willie Byrd, James Boyd and Rogers Boone, were convicted of the murder of an elderly white man in 1956 and were under death sentences.

The 11th U.S. Circuit Court of Appeals at St. Louis has stayed their executions and is considering the case.

Henley's report said that Circuit Judge Lyle Brown had conducted hearings in advance of the trials to determine whether the confessions were admissible.

The Negroes contended the confessions were not admissible.

Brown ruled that the confession of Boyd could not be used at his trial but said the rest could be used as evidence.

All Around Town

Space Program

WASHINGTON (AP) — The House Space Committee has approved a bill to authorize 915 million dollars for the national space program in the next fiscal year. Chairman Overton Brooks (D-La.) said Tuesday he wishes it was even more.

"I'm still disturbed that there is not enough feeling of urgency in this program," Brooks said.

What Kind of Girl Should a Man Wed?

TODAY'S WOMEN

By DOROTHY ROE

Associated Press Women's Editor

What kind of girl should a man marry? A young business man asks. "A smart one," says Cameron Hawley, novelist and world traveler, whose books usually are set in a background of big business. "Beauty is secondary. Today's young executives consider the intellectual wife a status symbol."

The era of the beautiful but dumb wife, who used to be the ideal of the nation's tycoons, is a thing of the past says Hawley, author of "Executive Suite," "Cash McCall," and the just-published "The Lincoln Lords."

"There is a changing concept of the executive wife," he explains. "In research for my latest book I talked to corporation executives, business men and college boys all over the country, as well as to the wives of many of them. I got a new picture of the kind of woman today's young men are seeking."

I remember spending several days at a Midwestern university, where I got acquainted with a number of the students. These boys were dead serious about analyzing the kind of girl who would help them get ahead in business.

"One boy came to me and said, 'I'm crazy about a girl here. She's the only one I've ever loved. But I'm set on a corporation career, and she isn't really very bright. Will she be a handicap?'"

Corporation heads choosing new executives consider the wife an important part of the picture, says Hawley. But today the interest is not in whether the wife can throw a big party, but whether she can carry on an intelligent discussion. The generation of the big business man who married a much-younger second wife after he achieved success also is past, says Hawley. Today boys and girls are marrying young and working together for the husband's success.

"The young executives who are coming to the top now are the ones that married during World War II, went back to school after the war, raised families while working for a degree, and dug in to make up for their lost years of education," he says.

Chessman Date Set for May 2

LOS ANGELES (AP) — Caryl Chessman's new appointment with the gas chamber is May 2.

Superior Judge Clement D. Nye set the date Wednesday for the condemned sex terrorist over the vigorous objections of Chessman's attorneys. The lawyers claimed a new execution date could not be set until a 60-day reprieve, granted Feb. 19, by Gov. Edmund G. Brown has expired. Nye said sentence is legal because the new execution date is after the end of the 60-day period.

In San Quentin, where Chessman has eluded execution for 11½ years with a series of court appeals, the convict-author commented: "I don't look as if I'll reach the age of Jack Benny."

The famed comedian, who is 66, for years has jokingly claimed he is 39. Chessman will be 39 May 27.

Pope Adorns the Sign of Humility

VATICAN CITY (AP) — Pope John XXIII today had his forehead marked with the Roman Catholic Church's Ash Wednesday sign of humility and penance. Marking the first day of Lent, the pontiff blessed ashes in his private chapel before he said his daily Mass.

Msr. Loris Capoville, the Pope's personal secretary, applied some of the ashes to the forehead of the 78-year-old ruler of the church. Then the Pope put ashes on the foreheads of Msr. Capoville and other members of the papal staff.

DOROTHY DIX

Girl Loves Boy in Reformatory

Dear Dorothy Dix:

I am a girl of 19 very much in love with a boy of 19. He was sent to a school for boys. I write him every day and he writes me every day. Other boys don't interest me any more. Should I turn against him just because he's been in trouble? My mother has no objection to my going with him. Please help me. — Helpless bloom. If you truly love him, keep Dear Helpless: You have a difficult, but not a hopeless, problem. If possible, talk to heads of the school and ask them what you can do to help the boy redeem himself. But do not dramatize your position. Keep in mind the fact that the boy has done a wrong and that if he does not show he will change, you must be prepared to break with him. Do not be blind to the fact that in reformatories a few reform and many others make it a college of crime.

Dear Dorothy Dix: I met a boy and fell in love with him. He led me to believe that he loved me too. But now he tells me he is engaged to be married. What do you suggest I do? — J.

Dear J: You'll certainly never get the boy back by being the aggressor. Do nothing.

Send your problem to DOROTHY DIX, Box 510, 1000 Broadway, New York 10101, in a stamped, self-addressed envelope, and address her if care of this newspaper. (Released by The Ball Syndicate)

Feels Sorry for Cranberry Growers

MEXICO CITY (AP) — The man who started all the fuss about tainted cranberries says he feels so sorry for the growers "I now fast instead of tomato juice."

Dr. B. T. Shaw of the U.S. Agriculture Department disclosed this at a reception Tuesday night where he was honor guest. It was Shaw who first noted that parts of the 1959 cranberry crop from Oregon and Washington were contaminated by a weed killer that can produce cancer in rats.

Shaw said there was no doubt the weed killer was being used improperly but he did not believe it was dangerous. "Tests proved that a person would have to eat 350,000 pounds of cranberries a day to endanger himself," he said.

New Show Is Happy Event in Television

By FRED DANZIG
United Press International

NEW YORK (UPI)—The newest ABC-TV series, "Music for a Spring Night," had its premiere Wednesday night, at a time when most of its audience is probably still concerned with winter heating.

But, in any season and with any title, this show would still be a happy television event.

The half-hour matched the melodies of Richard Rodgers, Stravinsky and Debussy to imaginatively edited videotape, still photographs and camera direction by Jack Smeth.

The producer of the series is Frederick Heider, who turned out "Voice of Firestone" and similar music programs for ABC-TV. Those earlier productions developed a dry, sterile sameness about them that detracted from the musical treasures being presented. They were, in effect, radio broadcasts, for they ignored the eye of the beholder. So, it was gratifying Wednesday night to see Heider come through with a fresh television approach and reach out for new techniques.

The orchestra, conducted by Glenn Osser, gave fine support to singers Bill Hayes, Betty Johnson and Rosalind Elias. Dancer Bambi Lynn was seen in a poetic translation of Stravinsky's "Rite of Spring." I hardly recognized Miss Johnson, though in her new glamor get-up. She's apparently working very hard to become another Dinah Shore which means there is room now for another Betty Johnson.

Now for the usual quota of quibbles: Those moblitz illuminations, or whatever they're called, aren't very effective when they spell out words. I still believe singers should sing, not lip-synch. And, finally, the bandstand looked as though some 20th Century pyramid prefabricator designed it. But on balance, "Music for a Spring Night" is a program of which ABC-TV should be proud.

Dialing and Filing: NBC-TV's Perry Como had one of his better shows Wednesday night as his four special guests—Carol Lawrence and Theodore Bikel, Nancy Walker and Robert Morse—received ample time and freedom for the display of their considerable talents. Each did his work unencumbered by the artificial need to blend talents with the others. It isn't always like that on TV variety. Wednesday night's "actual" on CBS-TV's Armstrong Circle Theater showed the fuzzi halting the beats out of their hosts and pads. Translation: It told how a special team of hot detectives trapped some Greenwich Village beatniks who were using and peddling narcotics. The play attempted to conclude with a message, but somehow, it all came out as an entertaining comedy. The actors must have had as much fun doing this show as the detectives had, in working among the "beats."

The Channel Swim: Viewers will be able to "visit" Vatican City at least twice in April. On Friday, April 1, CBS-TV's "Person to Person" presents its special half-hour tour of Holy See grounds and on Good Friday, April 15, NBC-TV's "Today" show concludes a full week of taped programs from Rome with scenes of the Vatican.

Tammy Grimes will star in her own one-hour special, produced by Robert Sudek Associates, on NBC-TV Sunday, April 3. A new situation comedy, "Bringing Up Baby," is part of CBS-TV's fall plan. It stars Enid Markey and Dora Merand as the guardians of a 27-year-old "baby." Bobby Darin heads the guest roster for ABC-TV's "Dick Clark Show" on Saturday, March 19. The 90-minute "Emmy Awards" telecast over NBC-TV is being set back to late June.

Gaza Strip Trouble

TEL AVIV, Israel (AP)—The army said an Israeli patrol ran into three armed Arab infiltrators Wednesday east of the Gaza Strip, killed one and wounded another in an exchange of gunfire.

The army claimed the three Arabs carried submachine guns and had penetrated 6.2 miles into Israeli territory. Israel filed a complaint with the U. N. Emergency Force assigned to keep the truce along the border.

Prosecution Says Story a Big Lie

LOS ANGELES (AP)—A prosecutor says Dr. R. Bernard Finch's "whole soap opera was a lie."

And the society surgeon's mistress, and co-defendant, Carole Tregoff, the prosecutor said, is a "latter-day Lady Macbeth" who was the aggressor and instigator in the slaying of the doctor's wife.

Finch, 42, and Miss Tregoff, 23, have been on trial since Dec. 8, charged with conspiracy and murder in the shooting of Barbara Jean Finch, 36, last July 18. The prosecution continues its final summation today, and the case may go to the jury Friday.

Deputy Dist. Atty. Fred N. Whichello—almost like a father confessor in his cross-examination of Finch during testimony—tore into the doctor Wednesday like a bristling Marine sergeant. Whichello told the jury that the doctor is "a man without character, a man without principles" who has told "a self-serving piece of fiction in denying he killed his wife."

Finch maintains a gun went off accidentally while he and his wife were struggling, but Whichello rejects this as an "obvious absurdity."

Whichello began his denunciation of the doctor's story after the defense completed its three-day summation. Defense Attorney Grant B. Cooper argued that Mrs. Finch concocted stories about being beaten by her husband and spread them among her friends to increase her financial take in a divorce suit she had pending.

Bookkeeper Short, Ends His Life

MEMPHIS (AP)—Police said a bookkeeper facing an audit killed himself yesterday after telling his employer he was \$8,000 short and "you won't see me alive again."

Inspector W. W. Wilkinson said Walter B. Bemis, 63, shot himself in the throat with a .45 pistol in the basement at his home.

A. A. Gray, vice president of the Williams Awning and Shade Co., said the audit of the company books opened yesterday afternoon.

Gray told police Bemis telephoned him after lunch and said, "When they audit the books they'll find a shortage of about \$8,000. You won't see me alive again. Goodbye."

Two or three days to separate Presley from service.

The singer entered the Army March 24, 1958. The Army says it's proud of him.

"We'd love to have him back," said an Army spokesman.

At a news conference here, Presley answered a number of questions put to him by reporters.

On romance in Europe: "I found quite a few girls I liked, but no special ones."

On whether rock 'n' roll is declining: "I don't know; I can't commit myself if it is or isn't. I would never abandon it as long as people keep appreciating it."

On acting: "My ambition is to become a good actor."

On competitors: "I don't look at people as rivals. If some young fellow gets a break, whom am I to knock him."

On dress—Will he switch to the Ivy look or stick to "Gaudy attire": "The same gaudy attire."

On suggestive movements in singing: "I don't look at it as suggestive. It's a natural movement."

On preference between American and German girls: "They are all females."

Williams and Musial Try Comebacks

By MIKE RATHET
Associated Press Sports Writer

Two venerable members of baseball's Old Guard, view their chances of making successful comebacks with strikingly different attitudes.

Williams, 41-year-old Boston Red Sox slugger, is pessimistic about the future.

Musial, 39, a mainstay with the St. Louis Cardinals, is extremely optimistic.

"There is considerable doubt that I can play," said the six-time American League batting champion.

The neck ailment, suffered in spring training in 1959 when Williams, pinched a nerve, handicapped the big slugger last season and his batting average dwindled to .254.

The Red Sox already have lost hard-hitting Jackie Jensen, the league's most valuable player in 1958. He quit baseball to devote more time to his family.

But the story was quite different in the Cardinals camp where Musial showed up in tip-top condition after winter exercises that trimmed an inch from his waistline.

Stan The Man, who slipped to .255 during the 1959 campaign, had these encouraging words for Manager Solly Hemus:

"I feel better, stronger and believe I can get around on the ball better."

With the tempo picking up at the various training camps, the list of holdouts continued to dwindle.

The New York Yankees, with Mickey Mantle their biggest headache, cut the number of dissatisfied players to five by signing outfielders Roger Maris and Hector Lopez and first baseman Ken Hadley.

Frank Lary (17-10 last season) into the fold with a contract calling for a reported \$26,000.

Baltimore signed outfielder Albie Pearson. Washington received a contract from rookie second baseman John Schaefer and the Chicago White Sox reported pitchers Turk Lown and Slover McIlwain in the fold.

Fish Is Top Item During the Lenten

By THE ASSOCIATED PRESS

Fish force meat to share the supermarket spotlight this week with the start of the lenten season.

Housewives scouting for substitutes for meatless meals and days should be pleased to know that prices of fish and eggs generally are lower than a year ago. Frozen fish stocks totaled 223 million pounds at last count, up 10 per cent from a year earlier. Abundant production has kept egg prices low for some time.

Haddock fillets wholesale for 34 cents a pound in Chicago, down 10 cents from a year ago, while the red snappers and shrimp also are cheaper.

Fish specials include halibut, shrimp, scallops, smelts, codfish steaks, oysters, and haddock. Leg of lamb is frequently featured in the East and South, while picnic hams are popular in the East, South and Midwest.

Pork chop prices are up 4 to 12 cents a pound in some places and fryers are up 2 to 8 cents a pound over a wide area. Eggs shade higher in some places, down in others.

Market experts spot an unusually good margin in sweet potatoes this week, with crops from New Jersey, Maryland, Virginia, North Carolina and Louisiana piled up on store shelves.

Other outstanding buys among vegetables include cabbage, carrots, Florida celery, endive, escarole, lettuce, collard, kale, peas, potatoes, radishes and spinach.

Fruit bargains are avocados, bananas, oranges, grapefruit and apples.

Khrushchev in Afghanistan

KABUL, Afghanistan (AP)—Soviet Premier Nikita Khrushchev arrived by plane from Calcutta today for the final stop of his three-week South Asian tour.

King Mohammed Zahir Shah greeted Khrushchev at the airport, hailing his visit as another step to strengthen good will between neighbors.

Khrushchev replied that Soviet-Afghan relations provided the finest example of coexistence between states with different political

THE STORY: Phil Bokker travels westward by train in search of members of the Quantrell guerrilla band who can clear him of disloyalty charges following the Civil War. On the train he meets an old friend Paul Shay, who was in a St. Louis hospital when Phil was there wounded.

CHAPTER X

Shay continued, "What in the world are you doing in Kansas?"

"I've got a ticket to Pawnee City."

"So have I. I'm going out to buy cattle for my company."

"You a cattle buyer?"

"Why not? It's a good business. That is, it ought to be, if I can buy any cattle in Pawnee City. I understand there's quite a bit of competition for the Texas trail herds."

The man seated beside Shay got to his feet. "I'll change seats with you," he said to Bokker.

"You two are old friends?"

"Thank you, sir!" exclaimed Shay.

The man got his valise and carried it back to Bokker's seat. Bokker got his own bag and put it in the rack over Paul Shay.

"Now tell me about this cattle-buying job of yours, Paul. I've heard of these Longhorns the Texans are bringing north, over the—what is it?—The Christolm Trail."

"It's big business, Phil," said Shay. "There are several million Longhorns running wild on the plains of Texas. They're worth about three dollars down there for hide and tallow. But those same Longhorns brought to the railroad here in Kansas are worth \$25 and \$30 a head."

Bokker nodded. "Is it true that some of those Texans are still fighting the North?"

Shay coughed gently. "As a matter of fact, I've only lately gone to work for the Midwest Livestock, however, that the Texans are rather handy with their guns."

"You faced Texas Regiments during the war?"

"I was with Lyon at Carthage and Wilson's Creek. Ben McCul-

lough's Texans were rough." Bokker reached for his valise, opened it and brought out the copy of Fred Cowan's Illustrated Weekly. He opened it to John Hovey's sketch and pointed at the picture of himself.

"Who does that look like, Paul?"

Shay barely glanced at it before he exclaimed, "Why, it's you, Phil."

"Read it!"

Shay scanned the article, then looked at Bokker, puzzled. "I don't understand. You were in the hospital when I got there in August, and you were there when I left in September. You couldn't have been at Lawrence."

"I wasn't, but that's a picture of me. It cost me the office of county prosecutor up in Wisconsin."

"But how, Phil? Your service record?"

"My opponent didn't spring this until there wasn't time for me to dispute it. Sure, I was able to prove — after the election — that I was in the hospital during August, '63."

Shay scrutinized the sketch once more. "This fellow who drew it — John Hovey — is he an enemy of yours?"

"I never met the man in my life. According to the caption, Hovey was killed by Quantrell at the Baxter Springs Massacre. The sketch was mailed in by Quantrell himself — at least that's the way the magazine people recall it."

"There was a fire at the offices of the magazine early in '65 and they lost all their files and records. But the same man's still editor and he says that a letter came along with the drawing. It was signed by Charles W. Quantrell and that this had been found on the body of John Hovey after his death."

"Is it possible that someone could have changed the original drawing? Erased the face of the man drawn by Hovey and substituted your own?"

"I've considered that possibility, Paul, but who? I have no enemies."

"You're in politics."

"I wasn't, in '63. Besides, the man who had the opportunity to

Symington, Johnson Make It Official

By JACK BELL

WASHINGTON (AP) — Senate Democratic Leader Lyndon B. Johnson of Texas and Sen. Stuart Symington of Md. are official candidates now for the Democratic presidential nomination.

The two presidential hopefuls backed into the race Wednesday with separate announcements they would not withdraw their names from the May 20 Oregon presidential primary. Bell still avoided any direct statements that they are candidates.

Johnson said he was too involved in the Senate filibuster of civil rights to give any attention to outside political matters. But he said he has "no plans to get in any way on the Oregon action."

"This meant he would not file an affidavit with the Oregon secretary of state to take his name off the ballot. Oregon law requires that all nationally recognized candidates be named. They can withdraw only by filing a statement disavowing candidacy."

Johnson's announcement was interpreted as indicating he has not lost hope he can combine Southern and Western backing in a serious challenge for the nomination.

Johnson's Southern support has been shaken by his action in bringing the civil rights issue before the Senate. Some of his Dixie colleagues have sent word to him they don't think they can hold their state delegations for him if he eventually votes for a debate limitation to end the current Southern filibuster, which he may have to do.

Without strong Southern backing, Johnson may not be in a position to challenge Sen. John F. Kennedy (D-Mass.), an announced candidate. Kennedy has been saying recently that Johnson is his biggest rival but that was before the civil rights controversy exploded.

Kennedy's name, put into the Oregon contest by the state secretary of state, will stay there along with those of Sen. Hubert H. Humphrey (D-Minn.) and Sen. Wayne Morse (D-Ore.).

Negroes Plan

In Florida, 76 members of a youth council of the National Assn. for the Advancement of Colored People staged two sit-down demonstrations at Tampa. One arrest was reported. The president of the state NAACP said if the demonstrations are not effective, a boycott of the stores will be the next thing.

Demonstrations also occurred in St. Petersburg, Sarasota and Daytona Beach. The Negroes were refused service at all the lunch counters visited. In Tallahassee 11 Negroes were scheduled to be arraigned on charges of disturbing the peace in connection with a sit-down demonstration at a variety store lunch counter Feb. 20.

At Nashville, the Rev. James Morris Lawson, a 31-year-old Methodist minister, was ordered

change it would have had to be one of Quantrell's men. Nobody knew me in New York — certainly no one at the magazine office. The change, if a change had been made, had to be done before the sketch was mailed," Bokker frowned. "You weren't in Kansas City yesterday?"

"I got in late last night."

"Obviously you didn't buy a Kansas City newspaper. My name's been splashed over it the last couple of days. I — I had some trouble over in Raytown, near Kansas City."

Shay regarded Bokker quizzically. "Trouble? Over — this?"

Bokker nodded. "Raytown's hotbed of former guerrillas. Two of the men — probably three — who're in this sketch lived in Raytown."

"Loved? You put that in the past tense."

Bokker frowned. "That's what the trouble was. This man, Bill Grayson — he touched the sketch of Grayson with a finger — 'he was ambushed outside of his house.'"

"By you?"

"No. But I was there and I — well, I did kill his friend, Max Hildebrand."

Shay lowered his voice. "You're on the run now?"

"No," Bokker replied quickly. "I've been cleared." He paused. "Three men who were in this picture are still living. MacDonnell, Al Pierson, Fletcher Troy — and the man whose face was changed to mine."

The Crosscut Company, sponsor of the annual Forestry Contest, also awarded similar plaques and \$75 checks to winners of three divisions. They were Shortland, Haber Springs, and Mammoth Spring. The contest is based on the management of one acre of forest. The state is divided into four divisions and the winners of the divisions are pitted against each other for the state title. In this instance, Delight won over the other three divisions. Over 250 FFA youths from all over the state attended the awards banquet.

First Round in B Tourney Completed

Quarterfinals Get Started Here Today

By TEDDY JONES JR.

First round play was completed last night in the Arkansas State B-Boys Basketball Tournament at Jones Field House.

Marmaduke, afternoon 80 to 48 winner over Lincoln, along with Kingsland who downed Casa 72-51, and Sparkman, 69 to 64 victor of Holly Grove, emerging as teams to be watched in the lower bracket.

The fast, high scoring tempo of Class B basketball has caught the fancy of the fans and the caliber of play will accelerate as the teams enter the quarterfinals.

Quarterfinal play will start this afternoon at 2 p.m. when Amity, favorite of Southwest Arkansas fans, meet a strong Hickory Ridge team from District 4. Amity downed Newark in the first round 89 to 70 while Hickory Ridge took the measure of Dover 57 to 55 in a close one.

The highlight of the second round will find Mountain Pine, a good ball handling team with plenty of height meeting Jasper, holder of the state high scoring mark established in their opening 97 to 55 win over Hermitage. Mountain Pine gained the quarterfinals by beating Caraway 82-64.

Tonight's two games will round out the lower half of the quarterfinal bracket with Marmaduke meeting Mammoth Springs and Kingsland tying up with Sparkman, last night's two winners.

There were several individual standouts in yesterday's matches. C. Barner of Marmaduke, All State B player for the past two years, turned in one of the top performances in his team's 80 to 45 win over Lincoln. D. Tuberville of Marmaduke also turned in a stellar performance.

Kingsland impressed with two big men with lots of height in R. Rogers and H. Grice while Sparkman's big man, G. Brazelle, turned in an impressive performance.

Several college coaches have been on hand to view the prospective college material and competition for the big men and keen shooters is progressing in methodical fashion. Among those on hand have been Coaches Auburn Smith of Southern State, Coach Lamar Watkins and Bill Vining of Ouachita, Coach R. C. Kennedy of East Texas Baptist College, Coach Sam Hankman of Arkansas Tech and Coach Dudley Walker, Freshman Basketball Coach at the U of A.

Considering the weather the attendance has held up pretty good, according to Sept. J. H. Jones. Last night's game reminded that they will miss some of the best basketball possible if they fail to take advantage of the play from the quarterfinal round on into Saturday night.

The tournament is running off in good fashion with Coach Don Sevier and Coach John Pierce directing areas of athletes and students in the various host and housekeeping jobs incident to a state meet.

Visitors have been high in their praise of the conduct of the tournament. The Youth Center has been made available to all visiting players and high school student guests except during times that tournament games are in progress.

A summary of yesterday's games is as follows:

Marmaduke 80—Lincoln 48

Marmaduke advanced to the quarterfinals in the opening game of the afternoon session by beating Lincoln 80 to 48.

Chester Barner Jr. was the big gun for Marmaduke with 25 and leading the Lincoln scoring was Connie Swan with 24 points. Marmaduke advanced to an early first quarter final, 24-13. They kept this lead all throughout the game and ended up with a substantial lead.

Marmaduke meets Mammoth Springs in quarter final play at 7:30 Thursday night.

Mammoth Springs 59—Scranton 50

Mammoth Springs kept out in front all the way to defeat Scranton 59-50 to close out afternoon play. John N. Gorman and his teammates, James Stovall, led the scoring for the losing team with 13 points each. On top of the victors, Mammoth Springs team scoring came from Eddie Frazier with 19 points. Mammoth Springs and Marmaduke tangle at 7:30 tomorrow night.

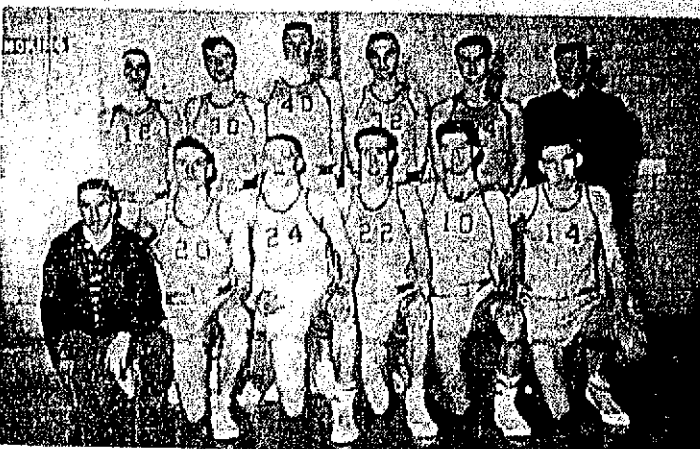

Kingsland 72—Casa 51

Kingsland advanced another step by defeating Casa 72-51 to close out yesterday's tournament play. The Casa team was clearly outplayed by the Kingsland team that had scoring threats that could hit from outside as well as from inside.

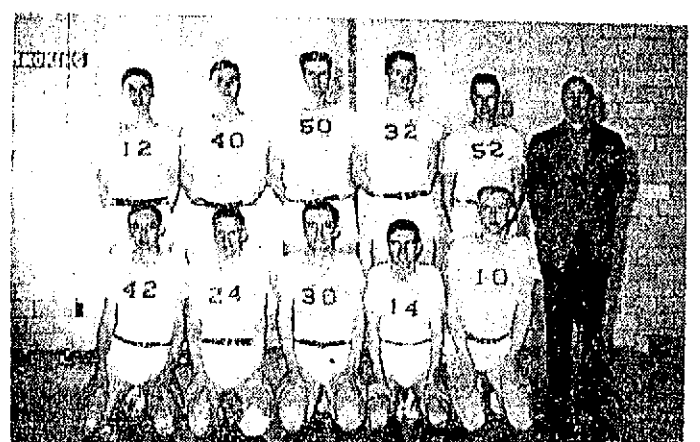

Kingsland's leading scorers were J. Johnson and L. Hicks with 21 each. Captains leading scoring honors for the Casa team was Sammy Cook, who also scored 21 points.

Waldo Takes on Mulberry in A Meet

TRUMANN, Ark. (AP) — High scoring Waldo takes on Mulberry, the pre-tournament favorite, at 8:20 tonight in the feature of the quarterfinal round of the Class B Boys state basketball tournament here.

Other quarterfinal matches send Nettleton against Siloam Springs at 2 p.m., Warren against Mena at 3:20 and Green Forest against Hall, a surprise quarterfinalist, at 7 p.m.

Waldo, getting 30 points from Larry Fincher, raced past Siloam Hills 75-60 in the first round last night. It was the high individual performance so far in the country. Mulberry took a methodical 45-28 decision over Marianna in last night's other game. Green Forest eliminated Bald Knob 45-31 and White Hall upset Harrisburg 55-40 in yesterday's afternoon games.

Junior Graff and Will Roy Lewis hit 10 points each for the balanced Mulberry quintet.

Donell Bailey turned in a 26-point burst for Green Forest. Other leading scorers included White Hall's Jerry Lybrand with 20 and Harrisburg's James Carney with 19.

Family of 5 Dead

DANVILLE, Ill. (AP)—A family of five was found dead in their gas fume-filled home in nearby Georgetown Wednesday night and police said they apparently were

asphyxiated.

The dead were Ronald Pearson, 29; his wife, Shirley, 26; and their children: Bonnie Sue, 7, Ronald Jr., 4, and Sherry, 2. They last were seen alive Monday night.

The schedule of Solunar periods as printed below, has been taken from John Alden Knight's Solunar Tables. Plan your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to find the best sport that each day has to offer.

The major periods are shown in bold face type. These begin at the time shown and last for an hour and a half or two hours thereafter. The minor periods, shown in regular type, are of somewhat shorter duration.

Arkansas' Clyde Rhoden scored 15 points, 7 on free throws to add to two Razorback individual scoring records he set earlier this week.

Rhoden ended the season with 258 points and 86 free throw points in 14 conference games. He broke a point total mark of 234 set by Fred Grinn in 1958 and a free throw record of 76 set by Al Williams in 1957.

SMU clinched a tie for second place in the Southwest loop by routing its record to 10-4 Texas A&M, which closes against Baylor tonight, can tie by beating the Bears.

Arkansas finished 7-7.

Wilbur Marsh scored 25 points and Max Williams 23 to pace the Pony attack in the regionally televised game. SMU's biggest lead was 66-50 midway in the final half.

Sparkman were Phil Stratton and Gene Brazelle with 16 points each. Nelson Chapman and Ray Chastain had 21 each for the losers.

Arkansas State Plays Evansville

EVANSVILLE, Ind. (AP) — Arkansas State meets Evansville and Wabash plays Buffalo tonight in the opening round of the National Collegiate Athletic Assn.'s midwest regional basketball tournament for small colleges.

The winners meet tomorrow night for the right to represent the region in the national tournament. Evansville won the national title last year.

aid in school integration.

This indicated he would not support the education provisions in the administration's proposals. Cotton's speech was sandwiched between more of the sort of Southern oratory that has echoed in the Senate chamber since the non-stop session began Monday at noon.

Sen. Herman Talmadge (D-Ga.) was holding forth when the clock reached noon today, marking the beginning of the fourth day, as measured in hours.

Talmadge told his colleagues that enactment of a drastic civil rights bill might result in a second Reconstruction era. He talked of what had happened then, getting occasional help and prompting from Sen. Russell B. Long (D-La.).

Long was still going strong despite having held the floor himself for 9 hours and 21 minutes during the night.

Long holds the individual record for lengthy speeches during the current filibuster.

Long, son of the late filibustering Huey P. Long, spoke for 9 hours and 21 minutes before yielding the floor early today. With a 75-minute break for other Senate speeches, he held the floor from 1:32 p.m. Wednesday until 12:30 a.m. today. His stint included a solid stretch of 8 hours and 23 minutes.

During part of Long's talk, Johnson could be observed in the chamber with the rough draft beginnings of a compromise bill. He mixed earnest conversation with Democratic civil rights supporters.

Both leaders were reportedly aware of the difficulty of getting such a vote to pass the seven-point Dirksen bill now pending in the Senate.

Some of them reported afterward Johnson had undertaken a drive to find a measure which can win the necessary two-thirds vote of the Senate to limit debate and end the filibuster should that step be necessary.

These senators said Johnson emphasized he was exploring prospects for bringing out a substitute measure centered around provisions for court-appointed referees to help guard Negro voting rights, and fixing penalties for hate bombings of schools and churches.

Inviting Democratic suggestions, Johnson was looking into a proposal that would drop some other provisions of the administration program introduced by Sen. Everett M. Dirksen of Illinois, the Republican leader.

Dirksen meanwhile undertook separate explorations which carried over into a scheduled midday meeting of all 35 Republicans today.

One question likely to be discussed is whether to try to get a two-thirds Senate vote to halt the marathon legislative battle and, if so, when.

Both leaders were reportedly aware of the difficulty of getting such a vote to pass the seven-point Dirksen bill now pending in the Senate.

Porkers Close Out Season in Loss to SMU

The Southwest Conference basketball campaign grinds to a close tonight with Texas holding the championship and going after its longest winning streak in a dozen years.

The Longhorns have an 11-2 record and nine straight victories as they face Texas Christian at Fort Worth in the finale. If they beat the Christians, they will wind up with a 10-game skid, equalling what the 1948 team did.

Also, Texas would be reversing its 1950 record when it won only two games in 14. This time it would be winning 12 of 14.

Texas A&M and Baylor clash at Waco and Texas Tech meets Rice at Houston in the other season-ending games.

Texas A&M and Baylor clash at Waco and Texas Tech meets Rice at Houston in the other season-ending games.

Texas A&M can tie Southern Methodist for second place by beating Baylor or finish third by losing. Baylor could tie Arkansas for fourth if it defeated A&M. Texas Tech also could tie for fourth by tripping Rice.

Southern Methodist and Arkansas ended the season last night with the Methodists beating the Razorbacks 83-82 for a 10-4 record compared to 7-7 for Arkansas.

Alford said he intended to press the matter further through the House Armed Services Committee.

NCAA Tourney Has Enlisted 15 Top Teams

By DON WEISS

Associated Press Sports Writer

Colorful Ed Diddle's Western Kentucky Hilltoppers and Maj. Bob Spear and his young, eager Air Force Falcons are teams No. 14 and 15 for the fast-filling 25-team NCAA basketball tournament today. By nightfall, St. Joseph's of Philadelphia probably will have joined the list.

The Air Force, making its first NCAA appearance, accepted an at-large invitation Wednesday while the Falcons were rolling up their 12th victory in their last 16 games, 65-58 over Regis, Western Kentucky, in the tournament for the first time since 1940, wrapped up the Ohio Valley Conference championship and an automatic berth in the NCAA showdown with an 83-60 romp over East Tennessee State.

At the same time, St. Joseph's set up its probable selection as the Middle Atlantic Conference representative to the tourney by clinching the M-A university division title in a 78-66 victory over Lafayette.

The night's developments left teams, NYU, Miami of Florida, the NCAA with eight at-large Notre Dame, Navy, Idaho State, California, DePaul and Air Force, and with seven conference representatives determined—Ohio U. of the Mid-American, Georgia Tech of the Southeastern, Ohio State of the Big Ten, West Virginia of the Southern, Texas of the Southwest, Western Kentucky of the OVC and New Mexico State of the Border.

The eventual Ivy League winner (Princeton currently leads) gets one at-large berth while the NCAA will pick Sunday between Oregon and Oregon State and Southern California and UCLA for the two others.

North Carolina and Wake Forest are cofavorites in the Atlantic Coast Conference tournament opening a three-day run in Raleigh, N.C. today to pick the ACC's champ and team for the NCAA. Conference races still undecided are the Missouri Valley, where Cincinnati has clinched at least a tie; the Big Eight, where Kansas and Kansas State are tied with one game to go; the West Coast Athletic Conference, where Pepperdine has clinched at least a tie; the Skyline, where Utah leads Utah State by a game with two games to go; and the Yankee, where Connecticut is 7-2 with one to go and Maine 6-2 with two to play.

Americans to Travel Widely During Year

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP) — At least a million Americans are planning to do their own bit for foreign aid this year. Other lands and steamship companies and airlines are getting ready for record hordes of dollar-spending tourists.

Americans are expected to spend close to three billion dollars on travel beyond the borders of the United States.

Europe is looking for a record number of them, 770,000, up from 650,000 last year, and expects them to spend around a billion dollars.

The fast-growing Far East tourist trade hopes to cater to at least 100,000 Yankees this year.

Latin America counts on President Eisenhower's visit to stimulate American interest in its tourist attractions.

Overseas travel has been growing each year since World War I. The latest official figures by the Department of Commerce show 1,388,000 Americans going overseas in 1958 and spending \$2,129,000,000.

Airlines and shipping companies this year expect to take at least 70,000 "vacationing" Americans across the Atlantic.

Jet planes will carry more persons faster. Counting both east-bound and westbound traffic, and passengers other than tourists, the airlines may hit the two-million mark. They have more available seats and are planning to cut fares.

Advance bookings indicate the surface ships may carry a million passengers all told this year.

In an early season survey of European prospects, the American Express Co. sees 770,000 American tourists sending dollars from Madrid to Moscow, for a new travel record both in numbers and in dollars. It polled its offices in 37 major tourist centers, and they queried hotels, tourist offices, car hire and tour operators.

The American Automobile Assn. predicts 250,000 of the tourists will motor through a part of Europe this year, compared with 200,000 last year. Advance bookings for rental cars are 80 per cent ahead of 1959.

Transatlantic airlines report flight reservations running from 15 to 100 per cent higher than this time last year.

AEA Won't Take Stand on Issue

LITTLE ROCK (AP) — The executive director of the Arkansas Education Assn. says that a proposed constitutional amendment which would allow closing of a school district's schools by popular vote will be pictured by its backers as "a simple local option amendment."

But, said Forrest Rozzell yesterday, it actually is highly complex and full of implications reaching far beyond the segregation-integration controversy which inspired it.

The AEA hasn't taken an official stand on the proposal, but is expected to oppose it.

The proposed amendment would permit a district to close schools against integration and substitute tuition payments to pupils.

It will be voted on at the November general election.

Rozzell spoke at a meeting of the Women's Emergency Committee for Public Schools here.

Food Sense—Not Nonsense

Made for Each Other

Walking hand-in-hand during school days leads to talk of romance. Nutrition talk of the town for years has been of another twosome, walking hand-in-hand: carbohydrate and protein. Now that scientists are finding a new role—as a helpmate in building and repairing muscle—protein—we know this romance never should be broken up. Day by day, the intimate story of the carbohydrate-protein affair is unfolding. For this, scientists thank atomic fission.

Splitting the atom enabled scientists to tag amino acids—the building units of protein—with radioactive atoms. To learn carbohydrate's share in affairs of the muscle, they fed animals these amino acids along with carbohydrate or fat. Traced through the body, the radioactive atoms revealed the intimacy in the carbohydrate-protein relationship.

Only the animals fed carbohydrate showed increased muscle protein. Also, these animals lost less nitrogen—the heart of the protein molecule—when carbohydrate was fed.

Implications of this hand-in-hand relationship for human nutrition are clear. Make sure the protein in the food you eat is saved for keeping tissues firm and healthy. Don't break up the carbohydrate-protein romance by overemphasizing either one. Each contributes its share to good nutrition. Let your diet include food sources of these and other nutrients by following this foodway each day: Four servings of enriched or whole grain bread or cereal; two servings of meat or an alternate; two servings of milk or cheese; four servings of fruits and vegetables.

Leaders Take a Beating Physically

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — Two elderly men—President Eisenhower at 69 and Premier Nikita Khrushchev almost 66—are giving themselves a mean, physical beating with their foreign journeys in the hope it will benefit their countries.

Are their trips worth the expense in physical punishment and time away from their jobs at home? That question is still unanswered, despite the big receptions both men get.

The ovations given them by millions of people in the backward countries don't necessarily imply any more than a superficial, polite and curious response to the visit of celebrities.

The polite and often platitudinous statements by the two leaders when they are not whizzing through the crowd with big grins and waving arms, can hardly do more than create a momentary impression of goodwill.

After all, neither man is going to anger his hosts with antagonistic statements or tough talk, although the explosive Khrushchev has done more in this direction than Eisenhower.

Both men are doing a selling job. In the end their customers, the people of the backward nations, will base their future attitudes on positive follow-up results.

Just how much follow-up Eisenhower and Khrushchev have in mind remains to be seen.

Khrushchev started these trips

after Stalin's death with visits to Western Europe and Asia. At the time he had a practical reason: The tyrant Stalin was newly dead and the world-wide sinister impression of the Soviet Union he created remained.

Eisenhower must have felt he could do no less than Khrushchev. He, too, became a world traveler: to Europe, Asia, North Africa, and South America. Now the two most important world leaders are out beating the goodwill bushes at the same time.

In the past, when much slower travel meant the top men would have to be away from home base too long, it was natural for their foreign ministers to do the traveling while the No. 1 men stayed home.

That picture has changed. It's a good bet, since travel is now faster, that in the future there will be more, not fewer, summit meetings and other get-togethers between the national leaders.

Eisenhower himself seems to have swung around toward this view in just a few months. Only last summer he told friends he looked bleakly on meetings by the top men and preferred the old-fashioned way of doing things through foreign ministers.

But there's a big difference between the top men trying to settle problems at a summit meeting and the same men darting off by themselves on world journeys to grin and offer not much more than shining generalities.

It remains to be demonstrated that these individual goodwill trips by the top—and aging—leaders do any more than shorten their lives and use up time that could be better spent at home, thinking.

Morocco became a sovereign kingdom in 1956.

Plant Ground Broken at Jonesboro

JONESBORO, Ark. (AP) — Ground was broken today for a million dollar plant of Crane Co. at the Municipal Airport Industrial Park site.

Until the groundbreaking it had not been officially disclosed what company would build on the site.

Jonesboro residents several weeks ago voted an industrial bond issue for the then-identified plant.

The plant will employ 400 persons and will have an annual payroll of \$1,500,000.

The plant will make plumbing brass and low pressure bronze valves.

Gov. Orval E. Faubus and Crane President Wesley A. Songer of Chicago turned the first shovel of earth.

Construction will begin at once and the company hopes to have the plant in operation by the end of the year.

The plant also will serve as headquarters for the Repeal Brass Co., a division of Crane. Repeal now has its headquarters in Los Angeles.

The concrete factory will be built by the McDaniel Construction Co. of Jonesboro.

Crane is one of world's largest makers of pipe fittings, valves and plumbing supplies.

Rockefeller Says Its Up to Faubus

LITTLE ROCK (AP) — Friends of Winthrop Rockefeller say that if Gov. Orval E. Faubus wants the millionaire rancher to stay on the Arkansas Industrial Development Commission, the governor will have to take the initiative.

Rockefeller couldn't be reached for comment today.

Faubus said Monday that he had written Rockefeller asking if the latter wanted to be reappointed to the commission, of which he is chairman.

Rockefeller's associates said that any letter from Faubus would get a reply, but the decision whether Rockefeller remains on the commission would still be up to the governor.

In short, Rockefeller wouldn't ask to be retained.

Rockefeller had been invited today to an industrial groundbreaking at Jonesboro but declined because of another engagement.

Faubus attended the ground breaking.

Negroes Register Without Incident

SOMERVILLE, Tenn. (AP) — A score of Negroes registered as voters without incident in this racially tense city today but there was no sign of a mass march to the courthouse which a Negro lawyer said would take place.

Negroes and whites filed in individually into the courthouse and stood peacefully in segregated lines and were enrolled as voters by separate registrars. There were about 100 whites in line.

Sheriff David Myers, who said he was prepared for any incident, stood by with eight deputies to keep order. He said he expected no trouble.

"We are doing everything we can to assure that their civil rights are protected," Myers said.

J. F. Estes, Memphis Negro atorney who had said earlier 1,000 Negroes would assemble en masse at the courthouse today to register, was not present.

Trademark of Male Beatnik Is the Beard

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP)—As every body knows, the trademark of the male beatnik is the beard. They are a trend clue, next fall will definitely bearded—Jerome Courtland attracts much attention when he walks down any American street these days.

Courtland, however, is no beatnik and his beard was grown to comply with fashions of about 800 years ago. Courtland, a Tennessee native is the star of a new syndicated television series, "Tales of the Vikings," now shown over 120 stations.

His beard and his flowing locks present problems of maintenance unknown to intrepid Norsemen of old. Courtland is a definite brunette. But, because nobody ever thinks of a Scandinavian as anything but blond his naturally brown hair must be bleached. "I can't go more than about 10 days with the beard," he explains. "Although I don't have to have my hair done more than every three weeks. I've been going through this bleaching thing now for almost nine months, but I'm still embarrassed every time I do in for repairs."

Jack Paar's return Monday night will be a family affair; they wouldn't "get ticked."

guests will be Genevieve, Charley Weaver, Hans Conried, Florence Henderson and Hugh Downs, all members of the Paar inner circle. Rumors of waning popularity of Westerns seem more wishful thinking than real. Some of the veteran shows remain firmly at the top of the ratings charts, few others have been flops this season, and there is a big new crop of pilots being made for next season. But, if series in the making, it is a trend clue, next fall will find the emphasis on comedy shows — more than a quarter of some 200 pilots have comedy themes.

Recommended tonight: "Music for a Spring Night," ABC, 7:30-8:30—debut of a new musical series, with Betty Johnson and Bill Hayes.

Personal Protection Brings Sentence

MEMPHIS (AP)—A 16-year-old white boy who charged his junior high school companions 10 cents a week for "personal protection" has been sentenced to an indefinite term in the State Training School.

Juvenile Court Judge Elizabeth McCain said yesterday Tommy Lee Warren will stay at the correctional institution in Nashville until authorities there think he merits release.

Police said Warren told them that in exchange for the 10-cent fee he guaranteed his customers they wouldn't "get ticked."

Miss America Suddenly Without Job

NEW YORK (AP)—Show business rapped Mary Ann Mobley in her pretty white teeth, but she is still game, and smiling the smile that helped her win the 1959 Miss America title.

Her first job—and what seemed a promising start to a Broadway career—was yanked from under her without explanation Friday.

She was told she was through singing on the CBS TV show "Be Our Guest" where she has been appearing Wednesday evenings since January. George DeWitt, who me's the show, didn't want her, said producer Perry Cross.

Neither DeWitt nor Cross would comment on Miss Mobley's firing. "I was rather surprised," the soft-spoken brown-eyed beauty who put Brandon, Miss., on the map, acknowledged Tuesday. Her \$400 a week contract runs till April, but money is no consolation to a girl whose eyes are fixed on the Great White Way.

Miss Mobley, 23 is the first to admit she's got a lot to learn and a long way to go, but "I'm determined and I'm willing to work," she said in an interview.

The scholarship she won with her Miss America title provides dramatic, singing and dancing lessons. She is going to study harder than ever.

Lemon-Luscious Meringues

Lovely to look at, delicious to taste, and easy to make are these Lemon Creme Meringues. Lemon chips take most of the work out of preparing the creamy filling, and meringues may be store-bought or homemade, as you wish. Sweet, red-ripe strawberry halves add a final charming touch to a dessert as fresh and lovely as springtime itself.

This lemon creme is good in pastry shells or cream puffs, too—and makes a delicious cake filling.

Lemon Creme Meringues

1 cup (6 ounces) lemon chips
2 tablespoons milk
1 teaspoon vanilla
1/2 pint whipping cream
8 baked meringue shells, cooled
Melt lemon chips in milk over hot water. Cool to room temperature. Add vanilla. Whip cream and fold in the melted chips. Spoon into individual meringue shells. Makes 8 servings. Garnish with strawberry halves, if desired.

California Talks Over Death Penalty

SACRAMENTO, Calif., (AP)—Gov. Edmund G. Brown, in the face of an uproar over the Caryl Chessman case, called upon an obviously reluctant Legislature today to abolish the death penalty in California.

Capital punishment, he said, has been a gross failure.

"Beyond its horror and inevitability," he said, "it has neither protected the innocent nor deterred the wicked."

Instead, he said it has primarily taken the lives of "the weak, the poor, the ignorant" and racial minorities.

The governor, in a special message, acknowledged the resistance to his proposal but urged the state's lawmakers to debate the issue "with reason and restraint."

There was no mention of Chessman, the condemned Los Angeles lover-lane prowler who has fought off execution for almost 12

of his 38 years. Brown, California's favorite-son candidate for the Democratic presidential nomination, provoked bitter criticism when he gave Chessman a 60-day reprieve Feb. 19, hours before his execution, and then announced he would toss the death penalty question to the Legislature.

Edwin J. Regan, Democrat Chairman of the Senate Judiciary Committee which probably will get first crack at the bill, said he saw practically no chance that the measure would ever reach the floor.

Accused Wife to Get Mental Test

CLINTON, Ark. (AP)—Mrs. Besie Dalton, 47, of Rupert, has been ordered to State Hospital for a mental examination after being arrested in the death of her 77-year-old husband, W. P. Dalton.

Prosecutor John B. Driver of Marshall said he had filed a murder charge against the woman.

Pending her transfer to State Hospital, Mrs. Dalton was held in jail at Conway because the Van

Handicapped American of the Year

By EARL AYKROI

CHICAGO (AP)—Neither pensions, charitable assistance nor pity can substitute for the sweet dignity of a "productive" life.

So says handsome Dwight D. Guilfoill Jr., crippled 37-year-old executive named "Handicapped American of the Year" by the President's Committee on Employment of the Physically Handicapped (PCEPH).

Guilfoill, father of seven, directs the operations of the Paraplegics Manufacturing Co., Franklin Park, a Chicago suburb, from a wheelchair to which he has been confined since 1943.

On May 5, President Eisenhower is to present Guilfoill an award at a meeting of the PCEPH in Washington. The citation is for outstanding help given by Guilfoill to scores of physically handicapped despite his own impairment.

An aerial photographer for the Air Force in World War I, he suffered spinal meningitis and polio in service and spent 11 years in a hospital. Confined to a wheelchair he found it impossible to obtain employment.

In 1950, Guilfoill and about 60 other paraplegics decided to pool their resources and set up their own business.

"We decided from the start that we were not going to weave rugs or make baskets, or indulge in any of the usual workshop enter prizes," Guilfoill says.

The group founded Paraplegics Manufacturing Co., in a one-story factory building in suburban Franklin Park. The firm assembles mechanical, electrical and electronic parts.

Guilfoill became president of the company.

Today the company has about 100 workers. Only two are not handicapped. Most of the others work from wheel chairs.

In addition to paraplegics, there are the blind, polio victims, amputees, cardiacs, the deaf and mute

Bureau County Jail here does not have proper facilities.

The state charges that Dalton was beaten fatally early Monday. Driver quoted Mrs. Dalton as saying her husband was injured when he fell from bed and bumped into a stove.

The prosecutor said a physician reported Dalton suffered fractures of the neck and jaw and other injuries which could not have been suffered in a fall.

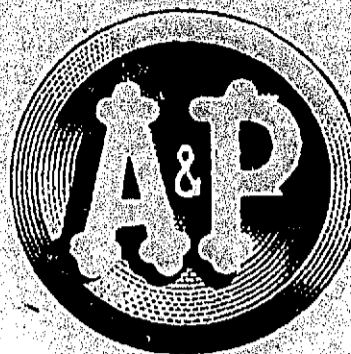

State Police investigators said they believe that Dalton was beaten with a walking cane.

De Luxe Eggburger

Here's how a tasty De Luxe Eggburger will look as you place it before your child for a hearty lunch. A fried egg, is combined with cheese, a slice of tomato, onion, all on a split and toasted bun. Once served, this dish will soon be a family favorite.

Eggs are a traditional Lenten food. Many families use them often as a meat alternate in accordance with religious belief and custom; others feature eggs in their early spring menus to brighten meals after months of heavy winter fare. How fortunate for all that eggs are in most abundant supply at this important time of year. March is National Egg Month—a period for reminding homemakers all over America of the golden goodness of eggs.

Eggs offer high quality protein. Homemakers with growing children use eggs often as a good way of stretching their food dollars.

The versatility of the egg is remarkable. They're popular at breakfast, lunch, dinner and snack time, too. Eggs have probably been prepared and served more ways in more homes than any other single food. Eggs around the clock!

Serve them often at your home during March—National Egg Month.

DE LUXE EGGBURGER

For each Eggburger:

- 1 egg
- 1 tablespoon fat for frying egg
- 1 slice onion
- 1 slice tomato
- 1 slice cheese
- 1 slice pepper
- Watercress, or other greens

Lay bun halves, split side up, on baking sheet, then on the "top" half, place cheese slice. Toast in hot oven (425°F) or under broiler until cheese begins to melt, and other half is toasted. Meanwhile, fry eggs medium firm; season. Place egg on toasted half. Place onion ring on cheese topped bun. Serve hot, "open or closed". Garnish with watercress.

What Are You Giving Up for Lent?

By HAL BOYLE

NEW YORK (AP)—"What are you giving up for Lent this year?"

People have been asking each other this question for days. Most of them now are embarked on their annual 40 day sacrifice of some form of personal indulgence.

The fellow down the hall from me has sworn off martinis for the duration. A girl on the floor below has turned her back on tempting chocolate sodas. The old lady on the floor above has abandoned the reading of lurid confession magazines, a harmless source of thrills for her during the rest of the year.

"Everybody ought to give up something for Lent, daddy," said my daughter, Tracy Ann, 6. "Is it all right if I give up bubble gum?"

I told her that was a fine thing to give up and complimented her on her spirit of fortitude because I saw it would be a real struggle. At six you don't give up bubble gum lightly. When the world is going against you at that age, bubble gum can be a real consolation.

"And what are you going to give up?" asked my daughter. "The question stopped me cold. 'I haven't decided yet,' I told her.

But what can a middle-aged man give up? He can't give up bossing-baiting, wife-beating or cop-fighting. He already has cut out such frivolities long ago.

If he is already on the wagon and embarked on a diet, he can't give up the bottle or the joys of the table. For the time being, those things are part of his past already. The doctor has forbidden him the pleasures most people make such a point of giving up at this period of the year.

When you get right down to it, a middle-aged man on a health kick doesn't have either any vices or joys he is aware of.

In this dilemma I consulted my wife who, fortunately, hadn't decided for Lent she would give up on giving me advice.

"I can name a hundred things you could still give up," she said, and, bless her heart, I feel sure she could name 200 if she got really started. "But for one thing, why don't you do the draperies a favor and give up smoking those cheap cigars?"

Well, that's an idea. I guess I will give them up.

That leaves just one problem. How am I going to get her to give me the money to smoke expensive cigars?

Nothing to Report on Missing Man

GOLDEN, Colo. (AP)—The FBI declined again today to say whether any progress has been made in its investigation of the disappearance of wealthy Adolph Coors III 22 days ago.

Coors, 44, is the chairman of the Adolph Coors Co. brewery and manufacturing complex at Golden.

His wife asked law enforcement agencies to withdraw from the case less than a week after Coors vanished, in order to expedite communication from possible kidnapers. The sheriff's office says it has not re-entered the case. The FBI had no comment.

Ike to Keynote GOP Convention

CHICAGO (AP)—President Eisenhower probably will be the keynote speaker at the Republican National Convention in Chicago in July, says the vice chairman of convention arrangements.

Jaren L. Jones of Salt Lake City told newsmen Tuesday that many party leaders favor the President for the opening address and that his acceptance could be considered a probability.

Dry Chlorine Bleach Keeps Nylon Lace Fit For A Princess

Easy-care fabrics and modern laundry know-how are ready to indulge the 1960 mother with her wish for nursery furniture styled for a princess. And why shouldn't her first-born bask in the beauty of lace canopies, when such elegance can be whisked in the washing machine?

One of the prettiest nursery ensembles introduced to the furniture world this year takes its styling right out of the pages of royalty, and then translates drifts of white lace into nylon that is deliberately washable, including the flattering canopy.

Add to this another new convenience, dry chlorine bleach, that allows the little mother to keep all this daintiness pristine white without endangering the fabric, and she has the secret of enlightened fabric care.

Many new mothers represent a generation reared on minimum care clothes and curtains, wipe-clean plastics, and rugs of synthetic fibers that are better shampooed than dry cleaned. Some live in metropolitan areas that have diaper service. More will learn to cope with all of baby's laundry, including the diapers. This is where new techniques of home laundry are a great advantage. Dry chlorine bleach, with its built-in safety factor, and effective whitening power, as part of 1960's better way.

Living Among the People of Arkansas

By BOB HARING
Associated Press Staff Writer

Clyde McGinnis of Batesville has an oldtime whisky bottle that's in a class by itself. It's got a stopper with a combination lock.

You can't get the stopper out unless you know the combination.

Clyde figures it served a double purpose. First, it kept butlers, maids and in-laws from sneaking a snort. Secondly, he reckons it kept the owner from over-indulging because after three or four drinks he'd forget the combination and couldn't remove the stopper.

The stamp machine at the Blytheville post office is sick, sick, sick.

First it was too generous. It handed out stamps and refunded the money, too. Post office officials sent it in for repairs.

Back on duty last week, it showed a new trick. Two of its units kept the money—and didn't give out stamps, either, a pretty profitable exchange.

The other unit, though, kept on passing out both stamps and money. The machine is back for repairs again.

Net loss: \$1.10.

Chester Griffin of Memphis is glad he's superstitious.

Driving through Jonesboro recently he saw a black cat dart across the road in front of him. He slowed down.

"I knew something was bound to happen," he explained. Sure enough, not many blocks down the highway the door of an old model car approaching Griffin flew open and a young boy sprawled on the pavement.

"It didn't look like he was more than five feet in front of me," Griffin said. "I jammed that brake just as hard as I could, but just knew I couldn't keep from running over the boy."

He did, though. The car stopped just inches from the boy, who jumped up and ran back to the car which drove off before anyone could get his name.

Griffin said he certainly would have struck the boy, about 10 years old, if he hadn't been "driving scared" because of the black cat.

Jonesboro Fire Chief Ruff Coleman drove his own car to a fire in a restaurant one day last week. Inside he found Lt. Tommy Hensen fighting a fire with a dishpan of water.

"Why in the world are you fighting a fire that way?" Coleman asked.

"I haven't got any truck," Hensen replied.

"No truck?" Coleman shot back. But he'd heard right. The truck had overturned after a collision with a car on route to the fire.

Hensen and Fireman Henry Simmons escaped injury and Hensen ran on to the fire. He put the fire out, too.

Little Rock Policeman W. J. Harris, investigating a two-car collision the other day, took a statement from Stanley Marvin Smith, 49, a Memphis school teacher.

But Harris was stymied when he tried to get a talk to the other driver, Terry Dale Sullivan.

The three-year-old son of Lewis D. Sullivan had managed to start his father car, shift it into reverse and send it shooting out in to the street where it collided with Smith's car.

Pomeroy Whitten, who lives near Hope, opened a letter one day last week and out fluttered a \$20 bill. With it was this note:

"Mr. Whitten a few years ago you dropped a \$20 bill and I picked it up and used it for my own use. God has told me many times this was wrong. So I send it back to you and hope you find it in your heart to forgive me." It was signed "A Christian."

Timber Damaged in N. Louisiana

SHREVEPORT, La. (AP)—Winter wrapped an icy hand around northern Louisiana, east Texas and southern Arkansas today with forestry officials estimating damages at one million dollars in Louisiana forests.

The weatherman offered little relief for the next 24 hours. Temperatures were around the freezing mark throughout yesterday and last night and it was still freezing in Shreveport today.

C. E. McDaniel of Minden, district forester for five northern Louisiana parishes, said damages to timber may reach one million dollars in heavily wooded areas.

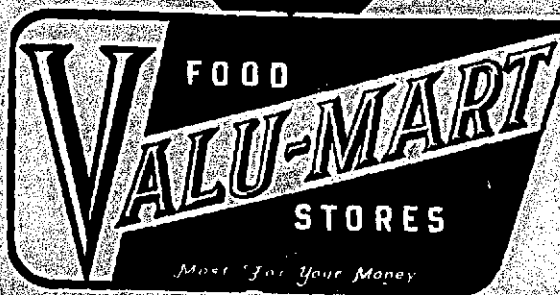

"I've never seen as much ice on the trees," he said.

Elvis Flies Home From Germany

FRIEDBERG, Germany (AP)—Elvis Presley flies home today to resume the lucrative song and screen career his Army stint interrupted.

The 24-year-old rock 'n' roller was scheduled to leave this afternoon aboard a U.S. military transport plane. He is due at McGuire Air Force Base, in New Jersey, Thursday.
